The Case of Hays Before Gear's Court.

The important case of Territory of Hawaii against Pacific Hardware & tion of whether or not, under existing Steel Co. and its manager, T. A. Hays, was heard by Judge Gear yesterday. Deputy Attorney General Emil C. Peters conducted the case for the Territory, and Castle & Withington and pay all sorts of taxes and employ large Holmes & Stanley that for defendants.

A. J. Campbell, Treasurer of the Territory, was the first witness called, testifying to his correspondence with de- law, which has been found constitufendant Hays and Castle & Withington which led up to the proceedings. Robert Catton of Catton, Neill & Co. and E. O. White of E. O. Hall & Son gave evidence of transactions the defendant company through Hays had from time to time had with their firms. The Hall corporation had besides acted Parker, a minor, and as manager of the as sort of financial agent for the Pacific Hardware & Steel Co., honoring its drafts to the amount of about \$375 Low as her next friend. T. A. Hays was the sole witness for the defense. His statement, "I am simply a traveling man," was objected to by Mr. Peters and the objection sustained on the ground that the statement was a conclusion of the wit-

"It is easy enough to do if I am only allowed," the witness answered. He went on to testify that he received orders for goods and forwarded them to went on; "they come here direct to the consignees. I simply receive the orfilled. I use the office in the Young building for displaying samples."

A FAIR EXCHANGE.

Large sums of money are no doubt realized from simple speculation, but the great fortunes are derived from legitimate and honest business-where the goods furnished are worth the price they bring. Certain famous business men have accumulated their millions wholly in this way. Prompt and faithful in every contract or engagement they enjoy the confidence of the public and command a class of trade that is refused to unstable or tricky competitors. In the long run it does not pay to cheat or deceive others. A humbug may be advertised with a noise like the blowing of a thousand trumpets, but it is soon detected and exposed. The manufacturers of WAMPOLE'S PREPARATION have always acted on very different principles. Before offering it to the public they first made sure of its merits. Then, and then only, did its name appear in print. People were assured of what it would do, and found the statement truthful. To-day they believe in it as we all believe in the word of a tried and trusted friend. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It aids digestion, drives impurities from the blood, and cures Anemia, Scrofula, Debility, Influenza, Throat and Lung Troubles, and Wasting Complaints. Dr. Louis W. Bishop says: "I take pleasure in saying I have found it a most efficient preparation, embodying

all of the medicinal properties

of a pure cod liver oil in a most

palatable form." It is a scientific

remedy and a food with a deli-

It was asked whether there were any istomers in the Territory whose busiess witness had not solicited within he past twelve months, and if so of what class were such customers. Mr. Hays answered that he was only looking for responsible customers.

Mr. Peters opened argument with an array of authorities shortly before the noon recess and resuming at 2 p. m. spoke for more than an hour. Mr. Stanley then replied for the defendants. Mr. Withington follows this morning, after which Mr. Peters will close for the Territory.

The case is of great importance to the Territory, upon it hinging the quesor future legislation, large commercial concerns on the mainland may establish agencies in this Territory, immune from taxation and municipal control while competing with local houses that numbers of taxpayers.

The Hawaiian Act of 1903, under which this case is brought, was copied word for word from the Pennsylvania tional by the Supreme Court of the United States.

LOW'S AMENDED PETITION.

As directed by Judge Gear, for condition of having the case heard on the merits, J. S. Low vesterday filed an amended petition for the removal of A. W. Carter as guardian of Annie T. K. Parker Ranch. The first amendment consists in having the complaint drawn in the name of the minor, suing by Mr. mains, it being built upon by specifications of the alleged "mismanagement" of Mr. Carter and of "irreparable in-Several other witnesses connected jury" to the minor's estate if he is conwith hardware concerns had been tinued as manager. There is a lugubrious category of waste of animal life on the Parker Ranch, through alleged bad management, careless practices etc. Neglect of buildings, fences, implements, etc., causing all manner of charges are laid against F. W. Carter in whose hands the manager reposes resented that A. W. Carter's large interest in the ranch of the American Sugar Co. on Molokai clashes with the interests of the Parker Ranch. One of the ranch are made gala occasions, when cruel modes of lassoing are alleged to be practiced as if rare sport.

PETTY ATTORNEY DISBARRED.

Judge Robinson, in the matter of David Watson, a practitioner in the district courts and before the circuit judges at chambers, after hearing yesterday ordered:

"Let the prayer of the petition be granted, and let the license heretofore issued to the respondent be and the same is hereby revoked and canceled." W. C. Achi, for the respondent, noted an exception to the ruling of the court. Lorrin Andrews, Attorney General, ap-

His defense to the disbarment proceedings was that he paid the costs and did all in his power to perfect the appeal, and if the exceptions were not properly perfected it would be the fault of his attorney; that the case of assault withdrew it under objection, if it was and battery was not an offense, and 'that said offense was committed before the license was issued to the respondent," and "that assault and battery is not a gross misconduct on the part of respondent by law."

CARTER ESTATE ORDER.

Judge Robinson yesterday signed an order dismissing the petition of Edgar Henriques, guardian of the minor children of Margaret V. Carter, deceased, for the appointment of Henry W. Kinney as administrator pendente lite of the estate of deceased, and on the court's own motion appointing Jessie K, Kaae as administratrix pendente lite of the estate under bond of \$3500. The pending litigation in question is Mrs. Kaae's appeal to the Supreme Court from an order of February 8. 1904, removing her as executrix. SALE CONFIRMED.

Judge Robinson confirmed the sale of real estate by Virginia Gomes, executrix of the estate of Francisco Gomes Capicha, deceased. One of the three lots described in the order of sale was sold to Wilhelm Wolters for \$2500. which the court finds was not disproportionate to the value, while it is sufficient to pay the debts of the estate. THE LAWN

The Symphony Concert Drew a Large. Crowd.

The grounds of Haaleles. Lawn were veritable fairyland last evening when the Symphony Society gave their secand open air concert, before a fashionable audience of several hundred people who spent two hours or more in listening to the finely rendered selections of the Society, and to the singers who gave their services for the occa-

The grounds were brilliantly illuminated, long strings of colored electric lights being hung from the entrance, to the hall. The orchestra played on tht front lanai which was decorated with American flags and bunting.

The pieces played last evening were well selected, and a finely rendered concert was given, showing conclusively to what a degree of perfection an amateur orchestra can be brought. Under the present director, Dr. Marques, the orchestra has kept up the reputation which it gained in its first concert given last year at the Walkiki residence of Jas. B. Castle,

The first selection last evening was the "Bohemian Girl." Mr. I. S. Dillingham rendered the "Trumpeter of Sakingen" in a pleasing manner, and was compelled to respond to an encore. For an encore he gave "Absent."

The "Symphonic Militaire" was given by the orchestra in a manner which brought forth applause, and was followed by Schuman's "Voice of Love," The latter was a serenade given by Mr. Desky on the flute and Mr. Bechtel on the English Horn. The two instruments blended well, and with the orchestra accompaniment, the number was one of the best on the program.

A violin solo "Reverie," by Prof. D' Albert followed. While the piece is a difficult one it was handled well, but unfortunately the piano, the accompaniment being played by Mrs. J. B. Alexander, was slightly out of tune, owing to its being placed in the open

One of the best numbers of the evening was the vocol solo "Sing, Sweet Bird" by Ganz, given by Mrs. lane was in good voice. She was compelled to respond to an encore, and she gave "Coming Thro' the Rye." Even then the audience was loth to part with her, and she was compelled to respond to a second encore.

The last numbers on the program were by the orchestra. While there was a lack of volume in the "Anvil artistically given. The march "Under fit. the Double Eagle" by F. Wagner, was the last number and the martial air was played in a way which brought salvos of applause, and the audience demanded the piece again before being the Island Meat Market, consisting of-

TWO KINDS OF CHILDREN

Children that grow too fast and those that seem hardly to grow at all, both need Scott's Emulsion.

It gives that rich vital nourishment which is the secret of all healthy growth. It rounds out the long limbs, and helps children to grow without using up all their strength in growing.

Mothers ought to know more about the wonderful help which Scott's Emulsion would give their children.

There is no secret about Scott's Emulsion. Nothing is covered up by obscure references to "active principles" or "alkaloids."
